

PARSIS[®]

From Sun to Table, Natural and Energizing

The Journey Story of Parsis Sunflower Oil

When the golden yellow flowers of the boundless sunflower fields turn their faces toward the sun, a silent miracle of nature begins. Every morning, as the sun rises on the horizon, it breathes life into these delicate flowers, merging with nutrients drawn from deep within the earth to embark on a journey to dining tables. The story of Parsis Sunflower Oil began right here, in the heart of this endless cycle of nature.

The Path to Perfection

The birth of Parsis Sunflower Oil started with carefully selected sunflowers. Each seed was cultivated in the most fertile soils using natural methods. Modern technology and traditional methods came together to produce a pure, nutritious oil, free from chemical additives.

No detail was overlooked in this process. The harvested sunflowers were processed according to the highest quality standards, ensuring that the oil retained its vitamins and nutritional value. Parsis Sunflower Oil not only offered a delicious taste but also brought health and trust to its consumers.

The Energy of the Sun, the Abundance of Tables

With the motto “**From Sun to Table, Natural and Energizing**”, Parsis Sunflower Oil quickly became a staple in kitchens. Going beyond local markets, this brand has made a name for itself internationally, bringing flavor to meals, supporting health, and providing confidence at dining tables worldwide.

Throughout the production process, environmentally friendly practices were embraced, developing a sustainable production model. Renewable energy sources were used, waste management systems were improved, and every effort was made to produce the purest oil without harming nature. This was not just a business model but a reflection of respect and responsibility toward nature.

Toward the Future

Today, Parsis Sunflower Oil is more than just a brand—it has become a lifestyle. People now prioritize naturalness and healthy nutrition not just in their meals but in their overall lifestyles. With evolving technology, Parsis Sunflower Oil continues to offer innovative solutions that support healthy eating habits.

Every drop of oil that reaches tables each new day remains a part of Parsis Sunflower Oil's story. The brand continues its mission to deliver nature's most valuable gifts to people in their purest form.

And so, with the endless cycle of the sun, the story of Parsis Sunflower Oil is rewritten every day...

About Us

Parsis Sunflower Oil, under the umbrella of Parsis Global International, proudly delivers high-quality sunflower oils obtained from the best natural sources to tables around the world in accordance with international standards. With our motto **"From Sun to Table, Natural and Energizing"**, we bring the purity, flavor, and health offered by nature to your meals, sharing the joy of being a preferred brand in the global market by combining quality, health, and excellence.

Thanks to the strong bonds we've established with our business partners, we aim to add value to your market and bring flavor to your tables. For us, quality is not just a goal — it is a journey we follow in every step.

Our Vision

As Parsis Sunflower Oil, our vision is to become a globally trusted, innovative, and high-quality sunflower oil brand by combining healthy nutrition principles with sustainable sourcing. We aim to carry our journey, which begins with the soil, to the world's kitchens, becoming an essential part of modern life while providing our consumers with the highest quality. By offering solutions that add value to dining tables through advancing technologies, we strive to support healthy eating habits and become a leading, recognized brand in global markets.

Our Mission

Our mission is to produce sunflower oils from natural sources in compliance with international quality standards and deliver them to consumers worldwide through a reliable supply chain. By prioritizing customer satisfaction, we develop tailored solutions to meet market needs, continuously improve our product quality, and add value to dining tables with delicious products that support healthy living. Together with our business partners, we are committed to ensuring sustainable growth.

Message from the Chairman

Dear Employees, Business Partners, and Customers,

With our operations both domestically and internationally, we are steadily advancing towards becoming one of the most admired and respected institutions. Supported by our experienced and trained team, we are achieving successful results in every sector we operate in, raising the bar higher each day. We are determined to grow and develop by embracing innovation and change.

One of our core values is to always seek improvement, growth, and transformation. We understand that being trustworthy is an indispensable goal for us. In this regard, we will continuously remind our colleagues, stakeholders, and customers of the importance of adhering to our high ethical standards and principles of honest work.

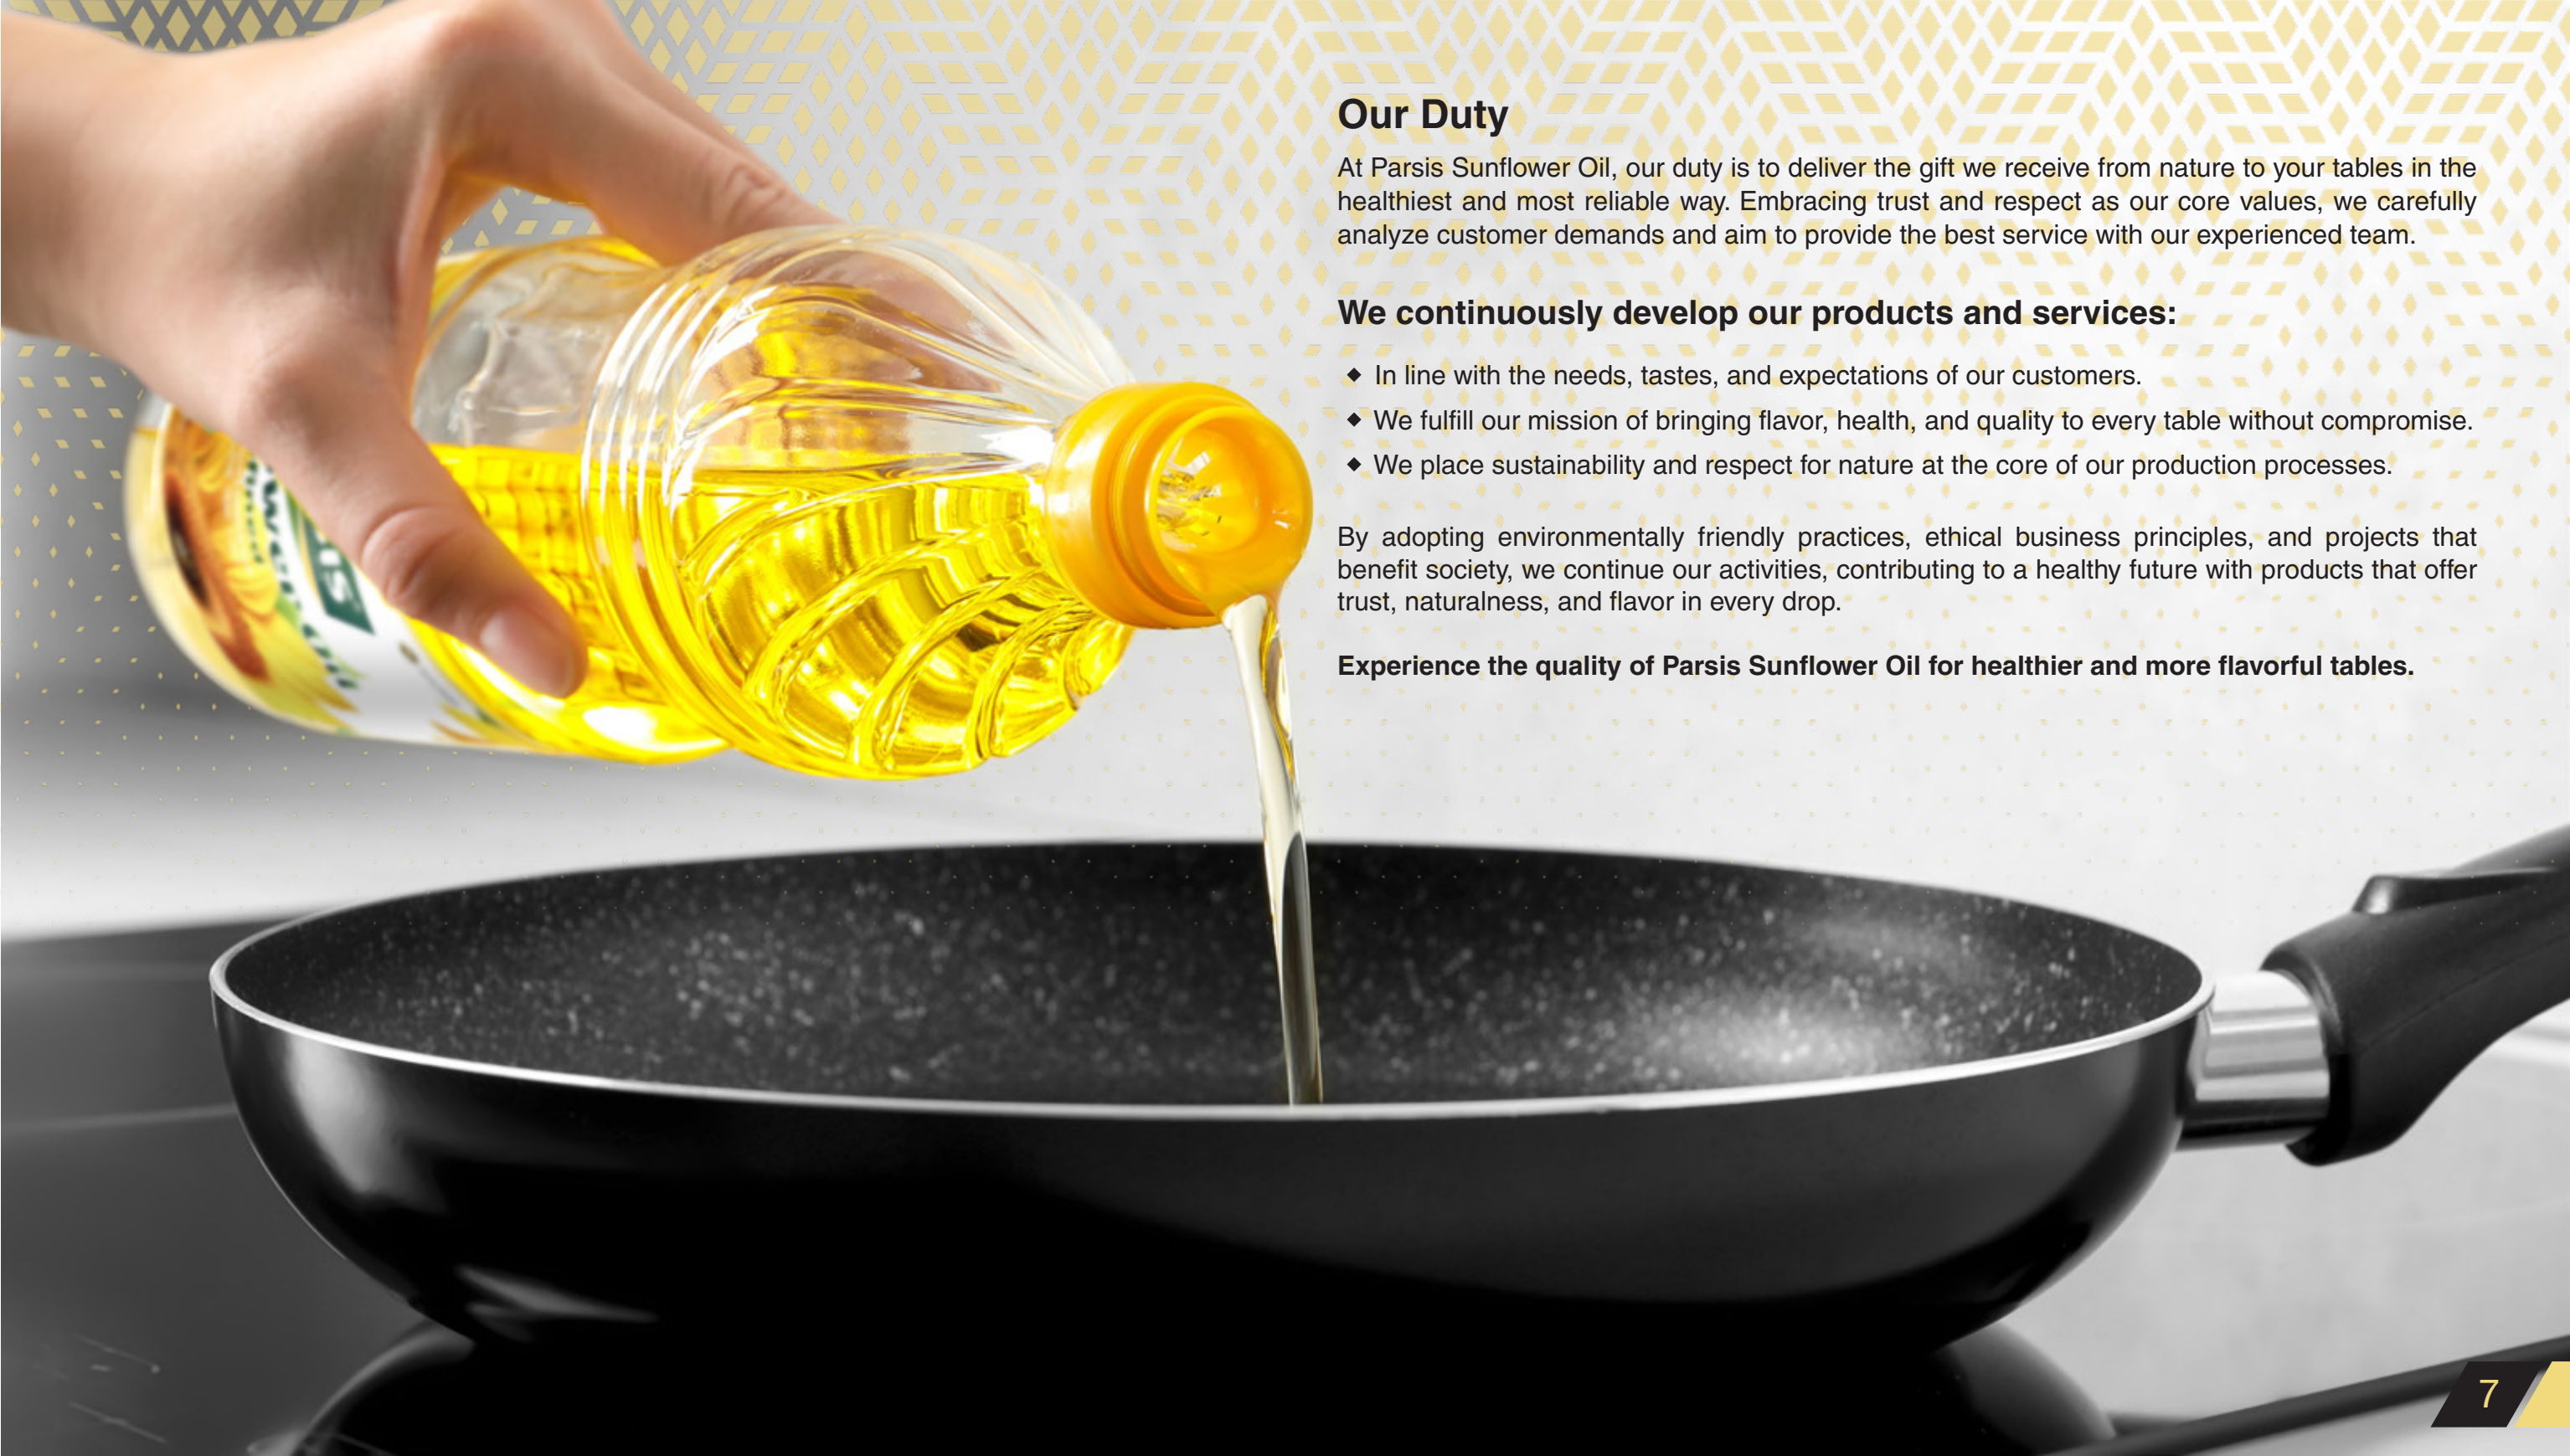

In all the sectors we operate in, we are steadfastly continuing our approach to providing products and services that exceed our customers' expectations, going beyond international quality standards. Alongside our strong operational performance, we are making innovative strides while focusing on the future.

With a prudent and cautious optimism, we will continue to serve with hope and stability. Parsis Global International is in an important phase of growth, fueled by its visionary and entrepreneurial spirit. Our fundamental goal is to add value to our employees, customers, and business partners while creating collective prosperity and mutual benefit together.

I extend my warmest regards and respect to all of you.

Shayan Yousefkhani
Chairman of the Board

Our Duty

At Parsis Sunflower Oil, our duty is to deliver the gift we receive from nature to your tables in the healthiest and most reliable way. Embracing trust and respect as our core values, we carefully analyze customer demands and aim to provide the best service with our experienced team.

We continuously develop our products and services:

- ◆ In line with the needs, tastes, and expectations of our customers.
- ◆ We fulfill our mission of bringing flavor, health, and quality to every table without compromise.
- ◆ We place sustainability and respect for nature at the core of our production processes.

By adopting environmentally friendly practices, ethical business principles, and projects that benefit society, we continue our activities, contributing to a healthy future with products that offer trust, naturalness, and flavor in every drop.

Experience the quality of Parsis Sunflower Oil for healthier and more flavorful tables.

Our Services

We aim to provide our customers with flawless experiences in every field by offering the best services:

- ◆ **Production and Packaging:** We offer sunflower oils produced in modern facilities, in compliance with hygiene and quality standards, with various packaging options.
- ◆ **Wholesale and Retail Sales:** We provide both wholesale and retail sales services with a wide range of products, from industrial use to household needs.
- ◆ **Distribution and Logistics:** Through our fast and reliable distribution network, we deliver our products to our customers in the international market.
- ◆ **Customer Support and Consultancy:** We provide comprehensive support with our experienced team on topics such as product usage, storage conditions, and recipe suggestions.

With these services, we aim to offer the highest quality and reliability to our customers.

Global Growth and Sustainability at Parsis Global International

At Parsis Global International, we aim to grow together with our business partners by establishing trust-based relationships. To quickly adapt to changing market conditions, we keep up with the latest technologies and provide solutions that exceed our customers' expectations.

We package the highest-quality products from local producers according to international standards and deliver them to our customers worldwide under the best conditions using innovative logistics solutions. Furthermore, we place great importance on the protection of natural resources by supporting sustainability and eco-friendly agricultural practices.

As a result, we hold a respected and leading position in the industry.

Parsis Sunflower Oil: The Best Choice for Healthy and Delicious Meals

Using the right oil is essential to creating wonders in the kitchen! Parsis Sunflower Oil is made from entirely natural sunflower seeds and offers an excellent option for healthy cooking. Thanks to its high smoking point, it can be safely used for frying, and its neutral smell and taste help preserve the original flavor of your dishes.

Usage Tips

- ◆ **For Perfect Frying:** A maximum temperature of 180°C is recommended. Once the oil reaches the desired temperature, carefully add the food.
- ◆ **Preserve Oil Quality:** Change your oil after every 10 frying cycles and ensure that the polar compounds do not exceed the legal limit of 25%.
- ◆ **Healthy and Safe Storage:** Store Parsis Sunflower Oil at room temperature, away from direct sunlight, and with the cap tightly closed.

Make room for Parsis Sunflower Oil in your kitchen for delicious and healthy meals!
